Progress Report

Team: Git Gurus

Task	03/18/2023	03/19/2023	03/20/2023	03/21/2023	03/22/2023
Created a GitHub Repository with team members as collaborators	■				
Setup Pivotal Tracker to track project progress and user stories	■				
Developed tentative user stories to cover the entire project deliverables		■			
Developed server side logic and management of request/response cycles for the web app using Flask and Python			■		
Implemented the structure and content of the web form using HTML and CSS				■	
Deployed the web application containing the web form via Heroku such that it is available on a publicly accessible URL					■
